I love You.

"A child is a person who is going to carry on what you have started. He is going to sit where you are sitting and when you are gone, attend to those things which you think are important. You may adopt all the policies you please, but how they are carried out depends on him. He will assume control of your cities, your states, and your nation. He is going to move in and take over your churches, your schools, your universities, and your corporations. All your books are going to be judged, praised or condemned by him. The fate of humanity is in his hands."

-Abraham Lincoln

We LOVE giving and receiving Valentine cards! Please help your child "sign" the back of each card. It is alright if the "signature" is just a letter or two — we want to feel proud of what we CAN do! Put the card in an envelope with **NO** name on the front, we will help your little valentine put one card in each of his classmate's mail boxes. THANK YOU!
